I'm looking for a Singer to take over this Album

The singer that sung the songs above was a collab that didn't work out.

I own these lyrics lock stock and barrel, but I did not write the music.

I need you as a singer to interpret these songs your way, just as the singer in the failed collab did.

You don't have to change them much, because most of the songs are close to the way I meant them to be.

A couple were taken directly from rough demos I wrote, produced and performed.

I just do not want to do them the exact way.

If you cannot interpret them, I'll sing them for you in the way I did them when I wrote them.

I like to let the Artist do their thing first with my songs because sometimes results are suprising good.

7 of the songs have music. Some are just lyrics.

If you want to do this, email me at Chrisalbum2@gmail.com.

Btw, I am a 100% fair an ethical person. The collab did not fail becuse I was not totally honest, upfront, and true to my word from beginning to end.

If you doubt me I will show you the entire correspondence of the collab, which was done long distance by email.

I would not be using these collabs, even for pitching, if the other person did not use some of what we did together to sell with another collaborator--even using some of my lyrics. True, she had the right, since she produced the music and arrangements, but it was my ideas that is the reason for anything in the first place.

Again, I will get the business end of the thing sorted out from the jump. And I will make sure we are both clear on what the deal is. And I will not renege from the agreement. If halfway through the collab something or somebody else comes along that you think is a better thing--and it will happen--I will not try to hold you to anything even if we sign papers.

I'm also looking for male and female Rappers--white and Black, for Albums.

(my wounded soul)
I know you're infatuated with my outside
But it's the part of me that you can not see
That needs to be assured
That you won't run away from the exposure
A pretty little package
Aint always all good
chorus
I know you'll take my pretty face
But can you take me as a whole
I'm sure you'll take my sexy body
But can you take my wounded soul
I know you think you wanna marry
What you see but I'm afraid
That when you meet the me that buried
You'll regret the choice you made
2nd verse

If you keep on asking
I might just say yes
How can I keep resisting
When I love you so much
But you're never gonna know
Your pretty princess
Until the clock strikes twelve
And the midnite hour comes
Repeat chorus

(Captain of the football team)

tried to avoid you

it only annoyed you

when in your face i kept my cool

you were never used to

running after girls, you

always had 'em chasing you

chorus

captain of the football team

every little school girl's dream

handsome as a movie star

and you even play guitar

2nd verse

made the winning score gee

say you did it for me

now i gotta take you to the prom

you're the homecoming king

i could be your little queen

now wouldn't that turn me on

chorus

captain of the football team

every little school girl's dream

handsome as a movie star

and you even play guitar

3rd verse

different than you used to look

say you found me in the book

and you're sorry for being a pest

but would i just listen please

a song that you wrote me

(spoken)

and for the first time

since we were in high school together

so long ago

and i used to dream about you

like every other girl i know

can't believe that after all this time

you're still chasing me

just because i told you no

but there's something different about you now

something i do want to see in your eyes

asking me yet again if i would be yours with a sweet love song

this is what i wanted to say all along
oh baby yes
repeat chorus

(take it there)

Darling
Why are you so afraid
So cautious with what you say
So slow in what you do
Don't you know
that I want you to
Take it there
Take it there
Go on make a move and
Take it there
Take it there
I want it as much as you so
Take it there
Take it there
Do what you wanna do
Oh take it there
Take it there

2nd verse

I don't
Want to talk about the weather
Anymore no
I would rather
You look into my eyes
And whisper to me
What you fantasize and
Take it there
Take it there
come on make the move boy
Take it there
Take it there
I want to as much as you so
Take it there
Take it there

Bridge

I wish I could somehow make you see
That you don't have to worry about a thing
Because I will never tell you no
As much as you want me
I want you more so
Take it there
Take it there
Tell me what you need boy
Take it there
Take it there

If you're dreaming sexy dreams go
Take it there
Take it there
If you're thinking nasty things oh
Take it there
Take it there

(I need water)
i am wilting
like a flower
slowly dying in the blessing of the sun
you can lift me
with a shower
of your love but you don't feel me enough

ooh i need water
oh sweet water
ooh give me water
i'm so thirsty for your love

i need your touch
to warm me up
and your kiss to wet my body down
from the tips of my petals
to the lips of my roots furthur down

(repeat hook)

bridge
your precious love
is like rain falling down on dessert sand
and i'm just a budding
flower reaching desperately for your hand
but you don't fill me up
cuz you don't feel me enough
to stay
oh why won't you stay

(HOW DOES IT FEEL)

I GUESS YOU HEARD
AND NOW YOU'RE HERE TO SEE ABOUT ME

I SEE YOU'RE WORRIED

AND YOU JUST DON'T KNOW HOW MUCH IT MEANS TO ME

THAT YOU DO CARE

AND THAT'S ALL I NEEDED TO SEE

BUT BEFORE YOU GO

WOULD YOU PLEASE TELL ME ONE THING I'LL NEVER KNOW

CHORUS

HOW DOES IT FEEL

TO BE LOVED SO MUCH I CRIED

HOW DOES IT FEELS

TO BE MISSED SO MUCH I DIE

TO HAVE YOU HERE

FOR JUST ONE LAST KISS GOOD-BYE

TO HAVE SOMEBODY LOVE YOU SO MUCH

HOW DOES IT FEEL.

2ND VERSE

I KNOW IT'S ABSURD

BUT I DON'T THINK YOU EVER KNEW

HOW MUCH I HURT

AND HOW MUCH YOU LEAVING PUT ME THROUGH

I KNOW YOU HAD A RIGHT TO YOUR OWN LIFE

BUT FOR SUCH A LONG TIME YOU WERE A PART OF MINE

AND YOU NEVER GAVE CLOSURE

YOU NEVER LET ME SHOW YOU

WHAT IT DOES TO SOMEONE

WHEN YOU TAKE THEIR LOVE

AND THROW THEIR HEART AWAY

CHORUS

HOW DOES IT FEEL

TO BE LOVED SO MUCH I CRIED

HOW DOES IT FEELS

TO BE MISSED SO MUCH I DIE

TO BRING YOU HERE

FOR JUST ONE LAST SWEET GOOD-BYE

TO KNOW SOMEBODY LOVE YOU THAT MUCH

HOW DOES IT FEEL.

(why won't you tell me)

Itz not the flowers that you buy me
itz not the diamonds or the cars
the platitudes you recite me
itz not how good looking you are
that is gonna keep me here with you
for too many more days
itz not all the loving things you do
itz the one thing you just won't say

that I need
baby I got enough things
I don't need
another fur coat or diamond ring

why can't you tell me that you love me
when I say it you just kiss my neck
I don't need to hear i'm beautiful
again I just need to hear you love me back

and you know it you know it
but you only wanna show it
and it makes me so suspicious
you rather buy me a car
when all I want is your heart

bridge

am I your only woman
am I even number one
you're a man with enough money
to do anything you want

why won't you tell me that you love me
when I say it you just rub my back
I don't wanna hear you want me
I just wanna hear you love me back

and you know it you know it
but you only wanna show it
and I just cannot live with this
you rather rope me a star
than simply say I have your heart

thomascouram2014

(let them say you're wrong)

sometimes you have to go
that extra mile
for the one you love
to turn a frown into a smile
sometimes you have to stop
and take account
of what you really want
before you open up your mouth
hook
when you want peace
and hez only wanting war
when you want forgiveness
and your baby's keeping score
when you want to make up
and she only wants to fight
sometimes you have to let them say you're wrong
even when you're right

2ndverse

even though you know you'll never
make the same
mistakes you made before
and shez just digging up old bones
just apologize again for all the pain
that you know is still burning
until the righteous anger is gone
hook

if you want peace
and shez only wanting war
you want forgiveness
and your baby's keeping score
you want to make up
and he only wants to fight
sometimes you have to let them say you're wrong
even when you're right
bridge
cuz you know why hez hurt
and you know why she cries
though you're innocent this time around
let em blame you for the reason why

(i'm a hero)
I felt run over
by a fast train
you left me so hurt
never felt pain
so devastating
and I don't know how I made it
through but I played it
like a champ when I could've faded
hook
and if I must say
so myself
if I must say
so myself
if I must say
so myself

i'm a hero

bridge

god only knows

how deep within
I had to go
to find the strength
to do what I had to do
I'm so much more than I ever knew
I am a hero
I am a hero

hook

and if I must say
so myself
if I must say (say it)
so myself
if I must say
so myself
i'm a hero

(superman's girl)

I'm walking on air
without a care
because I know if I should fall
he'll be there
to catch me
soon I will fly
higher and higher
because he loves me
I have no fear
hook
walking around with my head in the clouds
I don't care nothing can hurt me now
i'm superman's girl
out on the town
I don't know what's around
unaware i'm blissfully unwound
i'm superman's girl

did I say he's my rescuer
I got faith in my rescuer
never late is my rescuer
when I need him he'll be there

2ndverse

I never knew
his secret identity
until he took me in his arms
and made love to me
ever since then
it's been so clear to me
that he is superman
and he can do anything

hook

walking around with my head in the clouds
I don't care nothing can touch me now
i'm superman's girl
out on the town
I don't know what's around
unaware i'm blissfully unbound
i'm superman's girl

I got faith in my rescuer
never late is my rescuer
when I need him he'll be there

(sentimental)

Tomorrow I know i'll be sentimental
but right now I hate you so much
tomorrow I know i'll be less resentful
but right now I hate you so much

tomorrow I know i'll remember things
to melt my heart even through the pain
cuz there's so many things I wouldn't change
even now the best of the best memories remain
like the dayz when we would laugh and dance and sing
and the nights when we would lie in one another's arms until we fell asleep

Tomorrow I know i'll be sentimental
but right now I hate you so much
tomorrow I know i'll be less resentful
but tonite I hate you so much

tomorrow I know i'll see the face
of our kidz and see you every place
your walk your talk
your innocence your grace
tonite all I see is the worse in you
but tomorrow I know all I'll see is the best
musical break
tomorrow I know i'll remember things
to melt my heart even through the pain
cuz there's so many things I wouldn't change
even now the best of the best memories remain

(whatever you are)

if you should lose all your money
family and friends
trouble keeps on coming
bad luck never ends
even if you should wind up

living on the street
I'll stand in the soupline beside you
just as proudly
hook

cuz whatever you are I wanna be
whereever you are I wanna be
whereever you go I wanna be
appearances mean nothing to me
however you live I wanna live
whatever you feel I wanna feel
however it is is how it is
cuz you're one of the few things
that to me is real

2ndverse
if you should go to the wilderness
with no one to lend a hand
I will learn how it is
living off the land
if you should climb a mountain
where every day it snows
I will learn to love the cold
like an eskimo
even if you never get
anywhere at all
i'll be just as satisfied
with nothing but you love
hook

whatever you are I wanna be
whereever you are I wanna be
whereever you go I wanna be
shiny things mean nothing to me
however you live I wanna live
whatever you feel I wanna feel
however it is thatz how it is
cuz you're one of the few things
that to me is real

(between love and fantasy)
you keep blowing up in my head

bigger everyday
the more I think about you
since you've been away
the more I remember a hero
and the less I remember us
the more i'm missing you babe
the more i'm getting lost
hook
somewhere
between love and fantasy
somewhere
between love and fantasy
somewhere
between love and fantasy

did we ever have a fight
did you ever make me cry
were you really like I dream At night
or just a regular guy

somewhere
between love and fantasy
somewhere
between love and fantasy
somewhere
between love and fantasy

2ndverse
you keep showing up in my bed
til I don't know what's real
when I wake up you're never there
but I know what I feel
I know how deep i love you
but i'm not so sure it's true
that you or any mortal man
can be as good as the missing you
hook
somewhere
between love and fantasy
somewhere
between love and fantasy

somewhere
between love and fantasy

were you this perfect lover
were you this perfect man
or do all these perfect memories
just show how lost I am

(gone with the man)

just because things aint going wrong
doesn't mean things are going right
just because i'm nolonger sleeping with a noisy man
doesn't mean i'm sleeping peaceful at night
just because I don't have to worry
about a lying cheating scamp
doesn't mean i'm in any hurry
to sing halleluyah
or strike up the band
cuz along with all of the pain
all the pleasure is gone with the man

hook
oh that man could sure nuff raise some hell
make you cry a river that devil can
but he can sure nuff lay some heaven as well
make you feel like you've never never felt
every single time
a brand new high
that kind of drug aint so easy to kiss goodbye
2ndverse

just because the sun is shining
doesn't mean that all is bright

just because i'm no longer crying
doesn't mean it's all joy in my life
cuz along with all the pain
all the pleasure is gone with my man
hook
yeah that man could sure nuff raise some hell
make you cry a river that devil can
but he can sure nuff raise some heaven as well
make you better than you've ever felt
every single night
make you feel so right
that kind of man aint so easy to kiss goodbye
bridge
and you know the thing
is that he never meant to harm me
but almost everything
he got into was the wrong thing
he's a goodhearted man
but he aint no good for a heart to stand

thomascouram2012

(weigh it on a scale)

I don't know
Why this whole business started
Why they told
you that I have been untrue
But I know
They must be jealous hearted
To have sown
Such a painful doubt inside of you

Hook

If I could I'd take my beating heart
Out and let it tell
To prove to you
I've been true to you
Weigh it on a scale

That's how much
That how much
That's much
I feel for you
That's how much
That's how much
that's how much
I will be true

2nd verse
it's so sad
to see how you're changing
it hurt so
to see supspicion in your eyes
what we had
was such a beautiful love thang
to get it back

If I could I'd take my beating heart
Out and let it sell
To prove to you
I've been true to you
lay it on a scale
That's how much
That how much
That's how much
I feel for you
That's how much
That's how much
that's how much
I will be true
